	Tel. +32-4-3	3727665
Catalog Number	AS-65035-1	, AS-65035-5

2. Hazards Identification

Emergency Overview: We do recommend handling all chemicals with caution. Use proper protective equipment when handling chemicals. To our knowledge, the hazards of this material have not been thoroughly investigated.

GHS Hazard Classification: Not a hazardous substance or mixture

GHS Physical Hazards: Not a hazardous substance or mixture

GHS Health and Environmental Hazards: Not a hazardous substance or mixture

GHS Signal Words: N/A

GHS Hazard Symbol/Pictogram: N/A

GHS Hazard Statements: N/A

GHS Precautionary Statements: N/A

Potential Health Effects for:

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give

oxygen. Good hygiene practice requires that exposure be kept to a minimum and that suitable control

measures be used in an occupational setting.

Ingestion: If swallowed, wash out mouth with water provided person is conscious. Call a physician.

Skin: In case of contact, immediately wash skin with soap and copious amount of water.

Eyes: In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes.

Chronic Exposures: No information available. We recommend limiting prolonged exposure.

Target Organs: No information available

HMIS Classification

Health hazard: 0

Chronic Health Hazard: 0

Flammability: 0
Physical hazards: 0

NFPA Rating

Health hazard: 0

Fire: 0

Reactivity Hazard: 0

3. Composition

Ingredients/Components:

Chemical Name: Fmoc - NH - (PEG)6 - CH2CH2COOH

Molecular Formula: C30H41NO10

Molecular Weight: 575.7 CAS Number: 882847-34-9

EC-No N/A

4. First Aid Measures

Inhalation:	If dust is inhaled, remove from contaminated area.		
	Encourage patient to blow nose to ensure clear passage of breathing.		
	If irritation or discomfort persists seek medical attention.		
Ingestion:	If swallowed do NOT induce vomiting.		
	If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to		
	maintain open airway and prevent aspiration.		
	Observe the patient carefully.		
	Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably		
	drink.		
	Seek medical advice.		

Toll-Free: 800-452-5530 • Tel: 510-791-9560 • Fax: 510-791-9573

Skin:				
		running water (and soap if available).		
	Seek medical attention is			
Eyes:	If this product comes in			
	Wash out immediately v	Wash out immediately with fresh running water.		
	Ensure complete irrigation	on of the eye by keeping eyelids apart and away from eye and moving the		
		eyelids by occasionally lifting the upper and lower lids.		
	If pain persists or recurs			
5. Fire Figh	nting Measures			
Extinguishing media:		Water spray or fog.		
		Alcohol resistant foam.		
		Dry chemical powder.		
		BCF (where regulations permit).		
		Carbon dioxide		
Special firefi	ighting procedures:	Alert Emergency Responders and tell them location and nature of		
		hazard.		
		Wear breathing apparatus plus protective gloves.		
		Prevent, by any means available, spillage from entering drains or water		
		course.		
		Use water delivered as a fine spray to control fire and cool adjacent		
		area.		
		DO NOT approach containers suspected to be hot.		
		Cool fire exposed containers with water spray from a protected		
		location.		
		If safe to do so, remove containers from path of fire.		
		Equipment should be thoroughly decontaminated after use.		
Unusual fire and explosions hazards:		Emits toxic fumes under fire conditions		
6 Accident	al Release Measures			
Spill respons		all ignition sources.		
Avoid con Control pe Use dry cl		all spills immediately.		
		ntact with skin and eyes.		
		ersonal contact by using protective equipment.		
		lean up procedures and avoid generating dust.		
		suitable, labeled container for waste disposal		
Containment		personal contact, including inhalation.		
	Wear prof	Wear protective clothing when risk of exposure occurs.		
	Use in a v	Use in a well-ventilated area.		
	DO NOT	DO NOT enter confined spaces until atmosphere has been checked.		
		DO NOT allow material to contact humans, exposed food or food utensils.		
		Avoid contact with incompatible materials.		
1		When handling, DO NOT eat, drink or smoke.		
		Keep containers securely sealed when not in use.		
		Avoid physical damage to containers.		
		Avoid physical damage to containers. Always wash hands with soap and water after handling.		
		occupational work practice.		
		ntainers may contain residual dust which has the potential to accumulate		
[follow		settling. Such dusts may explode in the presence of an appropriate

7. Handling and Stora		P. 14 Co Co 12 Co		
Store at 4 °C desiccate	ed and protected from	n light. Store away from oxidizing agent.		
8. Exposure Controls	/ Personal Protection	<u>on</u>		
Engineering controls		tilation is required where solids are handled as powders or crystals;		
j.		when particulates are relatively large, a certain proportion will be powdered by		
	mutual friction. Exhaust ventilation	n should be designed to prevent accumulation and re-circulation of		
		Exhaust ventilation should be designed to prevent accumulation and re-circulation of articulates in the workplace.		
	If in spite of local	exhaust an adverse concentration of the substance in air could occur,		
j	respiratory protect	ion should be considered. Such protection might consist of:		
		espirators, if necessary, combined with an absorption cartridge;		
		rs with absorption cartridge or canister of the right type;		
	(c): fresh-air hoods or masks Build-up of electrostatic charge on the dust particle, may be prevented by bonding ar			
	grounding.	istatic charge on the dust particle, may be prevented by bolishing and		
		equipment such as dust collectors, dryers and mills may require		
	additional protection	on measures such as explosion venting.		
	Air contaminants g	generated in the workplace possess varying "escape" velocities which,		
		the "capture velocities" of fresh circulating air required to efficiently		
	remove the contam			
PPE	Use personal prote	ective equipment		
9. Physical and Chemi	ical Properties			
Physical State	N/A			
Odour	Not available			
Solubility in Water	Not available			
Specific Gravity	Not available			
рН	Not available			
Boiling Point	Not available			
Melting Point	Not available			
Flash Point	N/A			
Vapor Pressure:	N/A			
Vapor Density:	N/A			
10. Stability and Read	<u>ctivity</u>			
Thermal Decomposition		No data available		
Dangerous Products of Decomposition		No data available		
D D		CO NO 1 1 1		

COx, NOx when burned

Dangerous Reactions

Keep container tightly closed in a dry well-ventilated place. Store in 4°C refrigerator.

11. Toxicological Information

RTECS Number	N/A
Toxicity	No information available.
Health Hazards	Although ingestion is not thought to produce harmful effects, the material may still be damaging to the health of the individual following ingestion, especially where pre-existing organ (e.g. liver, kidney) damage is evident. In an occupational setting however, ingestion of insignificant quantities is not thought to be cause for concern.
Potential Hazards	Not available
Carcinogenicity:	No significant acute toxicological data identified
OSHA Permissible Exposure Limit(PEL) Data	N/A
ACGIH Threshold Limit Values (TLV)	N/A

Reproductive Toxicity:

No information available

12. Ecological Information

No information available.

13. Disposal Considerations

All waste must be handled in accordance with local, state and federal regulations. Legislation addressing waste disposal requirements may differ by country, state and/ or territory. Each user must refer to laws operating in their area. In some areas, certain wastes must be tracked.

14. Transport Information

Hazard Class	N/A
Identification Number	N/A
Packing Group	N/A
Proper Shipping Name (DOT)	N/A

15. Regulatory Information

California Proposition 65: N/A

US TSCA (Toxic Substance Control Act): N/A

US CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act: N/A

US SARA Title III (Superfund Amendments and Reauthorization Act: N/A

US Other: N/A

EC EINICS (European Inventory of Existing Commercial Chemical Substances) Number: N/A

AnaSpec Inc.

EC Risk Statements: N/A

Other Country Regulations: N/A

16. Other Information

It is not intended for food, drug, household, agricultural or cosmetic use. A technically qualified individual experienced in handling potentially hazardous chemicals must supervise its use. The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Users should make independent decisions regarding completeness of the information based on all sources available. AnaSpec shall not be held liable for any damage resulting from handling or from contact with the above product.
