# Safety Data Sheet (SDS)

Revision Number: <b>3.0</b>		Last updated February 22, 2021		
1. Product and Company Identification				
Product Name:	Fmoc - Glu	- OAll		
Manufacturer/Supplier:	AnaSpec, Ir	ıc.		
	www.anasp	ec.com		
	34801 Cam	ous Drive		
	Fremont, C	A 94555		
	Tel: 510-79	1-9560		
	Fax: 510-79	1-9572		
	Email: servi	ce@anaspec.com		
	Kaneka Eur	ogentec SA,		
	Rue du Bois	Saint Jean 5 4102 Seraing Belgium		
	Tel. +32-4-3	3727400		
	Fax. +32-4-	3727500		
	E-mail info	@eurogentec.com		
	Kaneka Eur	ogentec Helpdesk		
	Tel. +32-4-3	3727665		
Catalog Number	AS-23256			

# 2. Hazards Identification

*Emergency Overview:* We do recommend handling all chemicals with caution. Use proper protective equipment when handling chemicals. To our knowledge, the hazards of this material have not been thoroughly investigated.

GHS Hazard Classification: Not a hazardous substance or mixture

GHS Physical Hazards: Not a hazardous substance or mixture

GHS Health and Environmental Hazards: Not a hazardous substance or mixture

GHS Signal Words: N/A

GHS Hazard Symbol/Pictogram: N/A

GHS Hazard Statements: N/A

GHS Precautionary Statements: N/A

Potential Health Effects for:

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give

oxygen. Good hygiene practice requires that exposure be kept to a minimum and that suitable control

measures be used in an occupational setting.

Ingestion: If swallowed, wash out mouth with water provided person is conscious. Call a physician.

Skin: In case of contact, immediately wash skin with soap and copious amount of water.

Eyes: In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes.

Chronic Exposures: No information available. We recommend limiting prolonged exposure.

Target Organs: No information available

HMIS Classification

Health hazard: 0

Chronic Health Hazard: 0

Flammability: 0
Physical hazards: 0

NFPA Rating

Health hazard: 0

Fire: 0

Reactivity Hazard: 0

#### 3. Composition

Ingredients/Components:

Chemical Name: Fmoc - Glu - OAll

Molecular Formula: C23H23NO6

Molecular Weight: 409.4 CAS Number: 144120-54-7

EC-No N/A

#### 4. First Aid Measures

Inhalation:	If dust is inhaled, remove from contaminated area.	
	Encourage patient to blow nose to ensure clear passage of breathing.	
	If irritation or discomfort persists seek medical attention.	
Ingestion:	If swallowed do <b>NOT</b> induce vomiting.	
	If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to	
	maintain open airway and prevent aspiration.	
	Observe the patient carefully.	
	Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably	
	drink.	
	Seek medical advice.	
Skin:	If skin or hair contact occurs:	
	Flush skin and hair with running water (and soap if available).	
	Seek medical attention in event of irritation.	

Eyes:		If this product comes in contact with the eyes: Wash out immediately with fresh running water.		
		gation of the eye by keeping eyelids apart and away from eye and moving the		
		ally lifting the upper and lower lids.		
	If pain persists or rec	curs seek medical attention.		
5 Fine Fiel	hting Maggurag			
	hting Measures	XX. d. m. m. m. C. m.		
Extinguishin	ig meaia:	Water spray or fog.		
		Alcohol resistant foam.		
		Dry chemical powder.		
		BCF (where regulations permit).		
		Carbon dioxide		
Special firef	ighting procedures:	Alert Emergency Responders and tell them location and nature of		
		hazard.		
		Wear breathing apparatus plus protective gloves.		
		Prevent, by any means available, spillage from entering drains or water		
		course.		
		Use water delivered as a fine spray to control fire and cool adjacent		
		area.		
		<b>DO NOT</b> approach containers suspected to be hot.		
		Cool fire exposed containers with water spray from a protected		
		location.		
		If safe to do so, remove containers from path of fire.		
		Equipment should be thoroughly decontaminated after use.		
Unusual fire	e and explosions hazards:	Emits toxic fumes under fire conditions		
6. Accident	tal Release Measures			
Spill respons		ve all ignition sources.		
		up all spills immediately.		
		l contact with skin and eyes.		
		ol personal contact by using protective equipment.		
	Use d	ry clean up procedures and avoid generating dust.		
Place i		in a suitable, labeled container for waste disposal		
Containment Avo				
Containmen		l all personal contact, including inhalation.		
Containmen	Wear	protective clothing when risk of exposure occurs.		
Containmen	Wear Use in	protective clothing when risk of exposure occurs.  1 a well-ventilated area.		
Containmen	Wear Use ir DO N	protective clothing when risk of exposure occurs.  n a well-ventilated area.  OT enter confined spaces until atmosphere has been checked.		
Containmen	Wear Use in DO N DO N	protective clothing when risk of exposure occurs.  n a well-ventilated area.  OT enter confined spaces until atmosphere has been checked.  OT allow material to contact humans, exposed food or food utensils.		
Containmen	Wear Use in DO N DO N Avoid	protective clothing when risk of exposure occurs.  n a well-ventilated area.  OT enter confined spaces until atmosphere has been checked.  OT allow material to contact humans, exposed food or food utensils.  I contact with incompatible materials.		
Containmen	Wear Use in DO N DO N Avoid When	protective clothing when risk of exposure occurs.  n a well-ventilated area.  OT enter confined spaces until atmosphere has been checked.  OT allow material to contact humans, exposed food or food utensils.  I contact with incompatible materials.  handling, DO NOT eat, drink or smoke.		
Containmen	Wear Use ir DO N DO N Avoid When Keep	protective clothing when risk of exposure occurs.  n a well-ventilated area.  OT enter confined spaces until atmosphere has been checked.  OT allow material to contact humans, exposed food or food utensils.  I contact with incompatible materials.  handling, DO NOT eat, drink or smoke.  containers securely sealed when not in use.		
Containmen	Wear Use ir DO N DO N Avoid When Keep Avoid	protective clothing when risk of exposure occurs.  n a well-ventilated area.  OT enter confined spaces until atmosphere has been checked.  OT allow material to contact humans, exposed food or food utensils.  I contact with incompatible materials.  I handling, DO NOT eat, drink or smoke.  containers securely sealed when not in use.  I physical damage to containers.		
Containmen	Wear Use in DO N DO N Avoid When Keep Avoid Alway	protective clothing when risk of exposure occurs.  n a well-ventilated area.  OT enter confined spaces until atmosphere has been checked. PPE	Use personal protective equipment		
7 Handling and Staw			
7. Handling and Stora	ed and protected from light. Store away from oxidizing agent.		
Store at 4 C desiceate	and protected from fight. Store away from oxidizing agent.		
8. Exposure Controls	/ Personal Protection		
Engineering controls	Local exhaust ventilation is required where solids are handled as powders or crystals; even when particulates are relatively large, a certain proportion will be powdered by mutual friction.  Exhaust ventilation should be designed to prevent accumulation and re-circulation of particulates in the workplace.		
	If in spite of local exhaust an adverse concentration of the substance in air could occur, respiratory protection should be considered. Such protection might consist of:  (a): particle dust respirators, if necessary, combined with an absorption cartridge;  (b): filter respirators with absorption cartridge or canister of the right type;  (c): fresh-air hoods or masks  Build-up of electrostatic charge on the dust particle, may be prevented by bonding and grounding.  Powder handling equipment such as dust collectors, dryers and mills may require additional protection measures such as explosion venting.  Air contaminants generated in the workplace possess varying "escape" velocities which, in turn, determine the "capture velocities" of fresh circulating air required to efficiently		
	remove the contaminant.		
PPE	Use personal protective equipment		
9. Physical and Chemi	ical Properties		
Physical State	N/A		
Odour	Not available		
Solubility in Water	Not available		
Specific Gravity	Not available		
pH	Not available		
Boiling Point	Not available		
Melting Point	Not available		
Flash Point	N/A		
Vapor Pressure:	N/A		
Vapor Density:	N/A		
10. Stability and Read	<u>ctivity</u>		
Thermal Decomposition	n No data available		
Dangerous Products of			
Dangerous Reactions	COx, NOx when burned		
Keep container tightly of	closed in a dry well-ventilated place. Store in 4°C refrigerator.		
11. Toxicological Info	ormation_		
RTECS Number	N/A		

Toxicity	No information available.
Health Hazards	Although ingestion is not thought to produce harmful
	effects, the material may still be damaging to the
	health of the individual following ingestion, especially
	where pre-existing organ (e.g. liver, kidney)
	damage is evident. In an occupational setting however,
	ingestion of insignificant quantities is not thought to be
	cause for concern.
Potential Hazards	Not available
Carcinogenicity:	No significant acute toxicological data identified
OSHA Permissible Exposure Limit(PEL) Data	N/A
ACGIH Threshold Limit Values (TLV)	N/A

Reproductive Toxicity:

No information available

# 12. Ecological Information

No information available.

## 13. Disposal Considerations

All waste must be handled in accordance with local, state and federal regulations. Legislation addressing waste disposal requirements may differ by country, state and/ or territory. Each user must refer to laws operating in their area. In some areas, certain wastes must be tracked.

#### 14. Transport Information

Hazard Class	N/A	
Identification Number	N/A	
Packing Group	N/A	
Proper Shipping Name (DOT)	N/A	

# 15. Regulatory Information

California Proposition 65: N/A

US TSCA (Toxic Substance Control Act): N/A

US CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act: N/A

US SARA Title III (Superfund Amendments and Reauthorization Act: N/A

US Other: N/A

EC EINICS (European Inventory of Existing Commercial Chemical Substances) Number: N/A

EC Risk Statements: N/A

Other Country Regulations: N/A

### 16. Other Information

It is not intended for food, drug, household, agricultural or cosmetic use. A technically qualified

individual experienced in handling potentially hazardous chemicals must supervise its use. The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Users should make independent decisions regarding completeness of the information based on all sources available. AnaSpec shall not be held liable for any damage resulting from handling or from contact with the above product.
